花神國際音樂藝術有限公司

FLORA INTERNATIONAL MUSIC&ART CO.,LTD

Manufacturer Exporter and Wholesaler
of String Instrument & Accessories

Company Profile

Flora International Music & Art Co.,Ltd is a company that specializes in manufacture and supply of orchestral stringed instruments , bows , accessories and Luthier Tools and Supplies.

FIMA produces a wide range of instruments , ranging from fractional sizes for young beginners up to the top grade master works , suitable for a soloist on the concert stage. All instruments and related wooden fittings are produced in our Beijing workshop by highly skilled craftsmen who have been trained in traditional European methods. A large stockpile of seasoned tonewood enable us to make our instruments and fitting to a consistently high standard , while still maintaining a reliable supply.

Over the years we have also received a high level of feedback and technical support from our customers base, this willingness to continually develop and improve , combined with a constant attention to detail , means that FIMA product range now stands out as best value - for-money stringed instruments and accessories on the market today .

Thanks customers support always these years !

And Welcome contacts with us to new inquires !

Cello

Cello Summary:

FIMA workshop cellos FPVC02M/S FPVC03M/S FPVC04 are customerized effective-cost for customers, which are handcrafted by our most experienced makers, using the best possible Chinese seasoned tonewoods, and they are coated with a traditional, cooked oil varnish and finished in an antiqued style that may vary in appearance slightly from one instrument to the next. FPVC13 cello is handmade for skilled student, FPVC01 cello are for skilled student and teachers, which are popular to schools.

FPVC05 Cello is handcrafted by our top master, using the best possible European Tonewoods, particular attention is paid to graduation of the plates and these cellos produces a very powerful and rich tone making them an ideal solo instrument.

Our Workshop supply customize services, including ODM, OEM and sample processing services.
